

Third Edition
**CUVIELLO REFERENCE MANUAL OF MEDICAL TECHNOLOGY
 FOR MT AND MLT**
 by Patrick V. CuvIELlo

TOPICS COVERED IN VOLUME I INCLUDE:

Microscopy	Urinalysis
Serology	Hematology
Parasitology	Bacteriology

Both volumes contain several hundred questions and answers found at the end of each topic.

TOPICS COVERED IN VOLUME II INCLUDE:

Clinical Chemistry	Quality Control
Immunochemistry	A number of current articles

CuvIELlo's reference manuals have been approved for AMTIE continuing education. Each volume is assigned 35 contact hours. Please specify if to be used for continuing education for AMTIE.

Laboratory professionals will use these reference manuals as concise sources of information. They offer a concentrated review of the most pertinent basic materials. Those preparing to take the certification exam will find the manuals a valuable resource for review and brushing up on their technology studies.

To write the manuals, the author has drawn upon his experiences as an educator, practicing medical technologist and laboratory director.

The manuals cover basic-to-intermediate knowledge. The topics presented are most central to the knowledge areas, without the excess verbiage found in many textbooks.

To order, send **\$25** per volume. In the USA include \$5.00 for one volume and \$7.00 for both volumes for shipping and handling BOOK RATE. Allow 7-10 days for delivery.
