AMT APPOINTS RONALD B. LEPOFF, MD TO ITS EQS COMMITTEE

(Rosemont, IL): American Medical Technologists (AMT) has announced that it has appointed Ronald B. Lepoff, MD to its Education, Qualifications and Standards Committee (EQS).

Dr. Lepoff is currently Director of Clinical Laboratories at the University of Colorado Hospital in Denver. He is also Professor of Pathology and Medicine, Head of the Section of Clinical Pathology and Vice-Chair of Pathology at the University. He has been an active fellow of the College of American Pathologists for many years, serving on its Board of Directors and as Chair of the Commission on Laboratory Accreditation.

“Dr. Lepoff certainly is a great addition to our existing panel of experts,” says James Fidler, PhD, Director of Testing and Competency Assessment and AMT’s resident psychometrician, “he has the right combination of clinical pathology and education experience that will round off our test development team.”

As a member of the Committee, Dr. Lepoff will assist in constructing test items, developing and revising certification examinations and examination specifications, monitoring examination outcomes and quality, and will provide input into all aspects of certification standards as related to the Medical Technologist and Medical Laboratory Technician designations.

“AMT is thrilled to have him on board,” states Patrick CuvIELlo, MS, MT, Chair of the EQS Committee, “his prior appointment as an exam-writing member of the Clinical Pathology Test Development and Advisory Committee for the American Board of Pathology and his involvement with the Colorado Association for Continuing Medical Laboratory Evaluation will be especially useful as he takes on this role”.

For more information on this appointment or about the EQS Committee, please call 847-823-5169 or email mail@amt1.com.

American Medical Technologists is a nationally and internationally recognized certification agency for allied health professionals, including Medical Technologists (MTs), Medical Laboratory Technicians (MLTs) and Phlebotomists. In existence since 1939, AMT is also a membership association, providing continuing education and other services to over 40,000 members. AMT is accredited by the National Commission for Certifying Agencies (NCCA) for all its competency-based examinations.
